Biggest Opportunities

You currently rank somewhere in the top 50 on 920 search phrases on Google. If you could land the number one spot for all of those searches, you'd get about 370k additional clicks per month. If you just focus on your top 100 biggest opportunities, and ignore all the rest, you'll get 346k clicks per month. That would cost you more than \$1M in equivalent PPC dollars.

Keywords Not Ranked On But Should Be

You and your competitors often show up in the same search results -- that's why they are competitors. But, sometimes they are showing up and you are not. Right now, there are about 1M searches per month where you are not contesting your competitors. Look at the keywords, and decide whether it makes sense to counter them.
